Collect the Aadhaar Correction form, fill in with the mobile number to connect and send the form. The Aadhaar, with its growing significance, has become one of the most sought-after identity documents. Show the OPT to the store manager. Mobile verification process with Adhaar requires zero cost.Call 14 546 the connected mobile number. Visit your telecom provider's website, complete the OTP and e-KYC verification.Call 14 546 and follow the IVR instructions to complete the OTP verification. After that, the biometric verification will be performed for authentication.The verification officer will provide a confirmation receipt containing the URN (Update Request Number). Select the residential state (Indian or NRI). Send ÅeÅÅÅ as a reply to the SMS to complete the e-KYC.Å When you visit the store, to connect a mobile number to the online Aadhaar card, do not forget to bring a self-certified photocopy of your Aadhaar card.Å Previously the process of connecting Aadhaar to the mobile number was available through a self-service upgrade portal. You can find out your mobile number registered on the Aadhaar card by visiting the official website of UIDAI. Here are the available methods that can be used for connecting Aadhaar mobile. You can check the status of your Aadhaar upgrade request using the URN or by calling the 1947 toll-free number. The 12-digit number has become an essential part of the identity of every Indian citizen. Press 1 to confirm re-verify Aadhaar.Å After providing the required details, your network provider will send a confirmation SMS to your mobile number. As indicated by the IVR, press 1 to complete the verification.Å To connect Aadhaar with your mobile number, you can visit the shop or shop at of the network operator. Using IVR Visiting the Telecom Operator's Store or Official Website Visiting an Aadhaar Enrollment Centre or Update Centre Aadhaar card connection with mobile number when you opt for a new SIM card, you can follow these simple steps while purchasing the SIM card.Give a photocopy of your Aadhaar card during purchase. Provide your biometric data to verify Aadhaar's number. Alternatively, to check the status, you can call the UIDAI toll-free number (1947).If users only need to verify the number, simply go to the UIDAI website and select the option "Verify" under the drop-down menu "Aadhaar Services." Access an Adhaar registration or update center. Click on what you want to update. The store manager will send an OTP to the mobile number. This number can be used to keep track of the current status of the Aadhaar card. Let the operator access your name, photo and date of birth from UIDAI. It depends on the will of the customer.No, telecom operators do not charge any fee for mobile verification with Adhaar. You do not need to get a new Aadhaar Card after the upgrade. Therefore, it is recommended to always update your latest mobile number on Aadhaar.How toÅ Change Aadhaar with Mobile Number OnlineStep 1: To change your mobile number, visit the UIDAI web portal (ask.uidai.gov.in) Step 2: Enter the phone number you want to update and type in the captcha in the relevant boxes.Step 3: Click the "Send OTP" option and enter the OTP sent to the phone number. It is a reliable source that acts as citizen address proof, date of birth proof and others, making it mandatory for everyone to possess it. Aadhaar Update: The Aadhaar Card, issued by India's Unique Identification Authority or UIDAI. However, this property is no longer available. The IVR will indicate the last digit of the mobile device. Verify the OTP and click Å Å Åsave and ProceedÅ Å Å.Step 6: Book an online appointment to go to piÅ¹ near Aadhaar center to pay Rs 25 and provide any additional information may be required.How to change Aadhaar with your mobile number OfflineTo do it offline, simply locate and visit the local Permanent Enrollment Center, the Aadhaar correction form must be filled out. Now, you can connect or update their mobile number by following these steps. The connection of the Aadhaar card to the mobile number must be done via OTP verification. However, multiple Aadhaar cards can be connected to the same mobile number.No, the Aadhaar-based e-KYC verification process is not mandatory for all customers. Enter the 12-digit Aadhaar number and press 1 to confirm. The Aadhaar card provides all personal and residential details that may be requested during the Aadhaar mobile connection. Once you have received the OTP, click the Verify OTP option and the green check should arrive if all the steps have been followed.Read all Latest News, Latest News and Coronavirus News here. You can visit the official UIDAI portal to generate the Aadhaar mobile link form and book an appointment at an Aadhaar registration centre or an update centre. The only document required to link Aadhaar to your mobile number is a self-certified photocopy of your Aadhaar card. In the same form, users must indicate the updated mobile number they wish to connect and update, after which the form must be submitted. Listen carefully and, if correct, type the OPT sent to the connected mobile number. You can do this in the following ways. If necessary, you can replace the existing mobile number with a new number. Since the owners have already connected their mobile number to Aadhaar, they can use the OTP process only for re-verification. Once the offline process of the Aadhaar paper with the mobile number, follow these steps below to check the Aadhaar number again through OTP. OTP OTP

15/2/2022 - According to the UIDAI tweet, "You can use any mobile number to receive OTP for authentication, regardless of the registered mobile number with your Aadhaar. So, one person can order Aadhaar PVC cards online for the whole family." While there are numerous ways to link your Aadhaar Card to your mobile number, it should be mentioned that there is currently no provision to link mobile number to Aadhaar card online. This is because the UIDAI insists on verifying your identity in person as a security measure. Linking your Aadhaar Card to your mobile number allows you to ... Correction/update of aadhaar without mobile number. Aadhaar card correction online with mobile number is the easiest and convenient process which can be done in a few clicks on your computer via the Unique Identification Authority of India (UIDAI) official website.
